

## COMMUNITY FUNDING SOURCES

United States Environmental Protection Agency

EPA New England - Region I

JFK Federal Building, Boston, MA 02203

### Grant Program:

### Clean Water State Revolving Fund (SRF)

<b>Purpose:</b>	Low interest loan program established by the federal Clean Water Act to make money available to local agencies for a wide range of water quality improvement projects. U.S. EPA provides funds to each state to establish ongoing local programs. The state administers the State Revolving Fund and makes loans for projects that address point and nonpoint sources of water pollution. In 1996, Congress expanded the State Revolving Fund to include a grant program to help rural and disadvantaged communities.
<b>Eligible Applicants:</b>	Public entities (e.g., municipalities, special districts) for construction of treatment facilities; public and private entities are eligible for implementation of nonpoint source control projects, and for estuary protection plans.
<b>Award Amount:</b>	\$3,000,000 to \$21,000,000
<b>Total Awarded in Fiscal Year:</b>	\$47,000,000
<b>Matching Share:</b>	20% matching share required.
<b>Key Dates:</b>	Application Due: Open Selection: Varies
<b>Priorities:</b>	Increase use of loans for innovative projects that address nonpoint source pollution. Encourages use as a potential primary financing source for implementing community-based comprehensive watershed management.
